MEMORANDUM

TO: Bob Boyer

FROM: Ray Wells

SUBJECT: Rock boxes for the warehouse

Following our phone conversation a month or so ago, I have cataloged the contents of several boxes full of paleomagnetic samples that are currently sitting outside my office (7281) in Building 7. They are ready to pick up along with 20 rock boxes of standard rock samples. I am enclosing copies of the box contents as you requested. I will be leaving for the field Sunday and I will be gone for 2 months. I hope you can pick the boxes up sometime after your return from your vacation.
